

Christmas Mood Wheel Craft

Materials:

- 4 craft template sheets printed on cardstock paper
- Small, sharp scissors
- 2 paper fasteners/ brads

Directions:

1. Cut out all of the wheels from the four pages.
2. Punch holes through the wheels (through the small hole in the center) using a small, sharp device. Kids will need help with this.
3. Push the paper fastener through the holes, first through the top wheel, and then through the second wheel.
4. Spread the paper fastener to secure it at the back of the wheel.
5. Turn the wheel around several times to make it spin smoothly.
6. Have fun playing with Santa Clause & Miss Gingerbread as you change their four different moods!
